(#) Represents numbers of member councils for library service.

Department of Environment, Land, Water & Planning (DELWP)

The Department of Environment, Land, Water and Planning (DELWP) is tasked with creating liveable, inclusive and sustainable communities, and thriving natural environments. DELWP also aims to assist local governments to support people, communities and growth at the local level. For more information about DELWP - <http://www.delwp.vic.gov.au>

Local Government Victoria (LGV)

Local Government Victoria (LGV) is part of DELWP (the Department) and works closely with Victoria's 79 local councils to ensure that Victorians enjoy world-class responsive and accountable local government services and governance.

LGV also liaises with peak local government bodies, and other agencies, both State and Commonwealth, which have policy, funding or legislative links with or interest in councils.

Key responsibilities/activities of LGV include:

- Developing a strong partnership between state and local government.
- Building local governments capacity to effectively deliver on economic growth, social justice and infrastructure outcomes for their communities.
- Providing assistance with the Local Government Act.
- Providing support and advice to electoral provisions of the Act.
- Facilitating and supporting good governance in the sector.
- Providing support to the Victoria Grants Commission.
- Supporting public library services and managing funding programs for public libraries.

Public Libraries

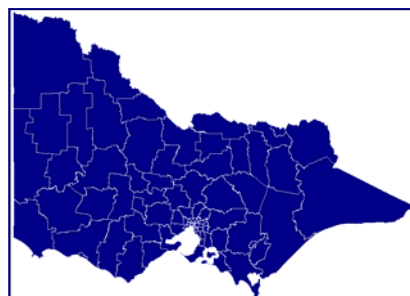

LGV administers and manages three programs to support Victoria's public libraries.

- The **Public Libraries Funding Program** supports councils, regional library corporations and Vision Australia in providing public library services. Untied and recurrent funding for the provision of library services is provided each year on a formula basis.
- The **Living Libraries Infrastructure Program** provides funding through a contested grants program to enable Victorian councils and regional library corporations to provide new or renewed library infrastructure to their communities, and in doing so, support the role of libraries in strengthening communities and encouraging opportunities for community participation.
- The **Premiers' Reading Challenge Book Fund** provides annual funding to councils, regional library corporations and Vision Australia to purchase materials to support the annual Premiers' Reading Challenge.

Municipal Association of Victoria (MAV)

The **Municipal Association of Victoria (MAV)** was formed in 1879 and has a statutory responsibility to act as the representative voice of local government in Victoria through the establishment of the Municipal Association Act 1907.

As the peak body for local government, councils' interests and rights are represented and protected through membership of the MAV. All 79 Victorian municipal councils are eligible to be MAV members.

MAV Purpose

The purpose of the MAV is defined under the Municipal Association of Victoria Act 1907 and states:

The Municipal Association of Victoria was established to promote the efficient carrying out of municipal government throughout the State of Victoria and to watch over and protect the interests, rights and privileges of municipal corporations. (Municipal Association Act, 1907)

Similarly, under the Local Government Act 1989, the objectives and obligations of councils are outlined. In order for the MAV to achieve its legislative purpose it also supports the defined objectives and obligations of the Local Government Act.

MAV Vision

The MAV will become a world class peak body achieving outcomes that leave stakeholders knowing that no other provider could achieve a better result. It will be:

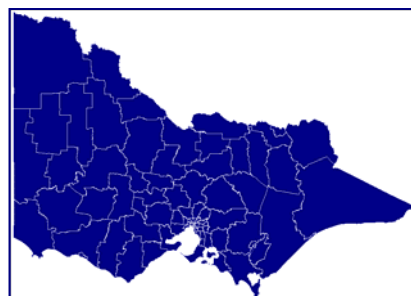

- strategically focused;
- an impressive and articulate team;
- the centre of knowledge for local government in Victoria;
- non-party political; and
- accountable.

MAV Functions

The MAV performs six key functions:

1. **Advocacy:** representation of the needs and interests of the sector with other levels of government and with other key stakeholders
2. **Capacity Building:** working actively with councils to support them to improve how they operate in communities, particularly where there is significant change or new requirements
3. **Networking:** coordination, hosting and/or sponsorship of opportunities for the sector (or parts of the sector with common interests) to come together to share knowledge and experiences and plan responses
4. **Policy development:** setting of standards for the sector and developing the policies and the sector-wide regulations and codes needed in order to deliver service enhancement; financial and economic health; and social capital.
5. **Professional Development:** human resources support and training and education programs to develop the understandings and skills of both councillors and staff
6. **Awareness raising:** research and analysis leading to information dissemination and awareness raising promotions and campaigns.

Public Libraries Victoria

Public Libraries Victoria is a collaborative and advocacy organisation and the peak body for Victorian public library managers, comprising representatives of every public library service in the state. Initiatives range from information sharing and training to setting up of consortia to conduct projects and purchase materials in a collaborative manner.

PLV is incorporated under the Associations Act and its duties and obligations are set out in its constitution. Membership is institutional.

PLV has a number of subcommittees which recommend policy and conduct training and information sessions in specific areas of interest.

Mission

PLV is the voice of Victorian public libraries.

We collaborate to assist member organisations to more sustainably deliver community-focused library services and outcomes by:

- leading the Victorian public library sector and building its capacity
- shaping the strategic direction of and investment in public libraries
- influencing stakeholder perceptions, attitudes and decisions

Values and Behaviours

We value equity, transparency and creativity. We work in a professional, collegial and inclusive way. Our actions are future-focused, results-driven and evidence-based.

Key Result Areas

PLV will focus its energy and resources in three key areas:

1. LEADERSHIP

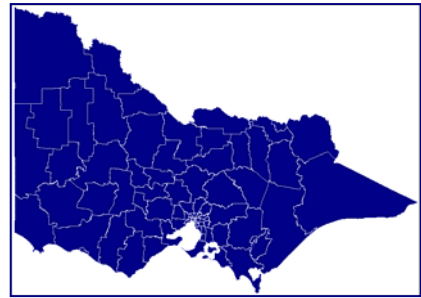

- Providing a forum for professional encouragement and support of current and emerging leaders of Victorian public library services
- Developing, with the State Library of Victoria and other partners, outwardly focussed statewide projects which enhance the capability of public libraries and the quality of collections, programs and services provided to the Victorian community

2. STRATEGY

- Providing a forum for sharing, considering and analysing contemporary library practices and systems in response to emerging community, industry and environmental trends
- Fostering an environment where innovative library solutions are encouraged and facilitated

3. INFLUENCE

- Raising the profile of public libraries with Local, State and Federal Governments and other agencies
- Advocating for policies, programs and approaches which ensure and enhance the financial sustainability of Victorian public libraries
- Fostering and promoting the role of public libraries in community strengthening, lifelong learning and social inclusion

STATE LIBRARY VICTORIA

What's your story?

State Library Victoria is Australia's oldest public library and one of the world's great libraries. Since opening in 1856, the State Library has been Victoria's intellectual and cultural centre, inspiring generations of writers, artists, researchers and students. Its mission is to provide access to a wealth of unique Victorian and international resources, and be a place where all Victorians can discover, learn, create and connect.

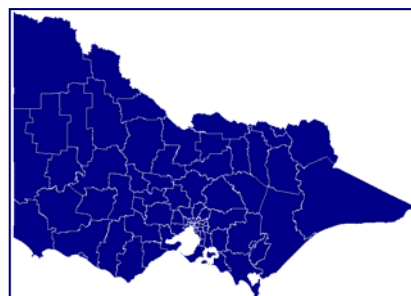

The Library's collection comprises over 2 million books, 16,000 serials, and a vast number of photos, pictures, artworks, maps, manuscripts and ephemera. It houses thousands of items that reflect Victoria's cultural and social heritage, such as John Batman's journal, Ned Kelly's armour and the last notes of Burke and Wills. Continuing digitisation of collection items makes them accessible via the internet, while the Library's website makes it easier to find and use the collection anywhere, anytime.

The Library's programming provides innovative learning programs, exhibitions, events and information services for people of all ages, from all walks of life.

Library Sector Engagement Branch

Library Sector Engagement is a Branch of State Library Victoria, reporting to the CEO.

The Library Sector Engagement Branch is the primary interface between State Library Victoria and Victoria's public libraries.

The role of State Library Victoria in relation to public libraries is aligned to the responsibilities of the Library Board of Victoria (its governing body) defined in the *Libraries Act 1988*:

- To oversee cooperation in libraries and information organisations to promote access to library and information resources
- To exercise leadership and promote high standards in the provision of library and information services
- To provide advice and information to the Minister on any matters concerning libraries and information organisations.

Specifically, the Library Sector Engagement Branch

- Supports the Library Board of Victoria's Advisory Committee on Public Libraries and *Framework for Collaborative Action*
- works to build State Library Victoria's relationship with public libraries
- communicates on behalf of State Library Victoria across the library sector and its stakeholders
- advocates for public libraries within State Library Victoria and at other forums
- coordinates industry knowledge, research and innovation
- coordinates development and delivery of collaborative programs and projects that meet statewide public library and State Library Victoria needs, including the Statewide Public Library Development Projects
- facilitates strategy development

Vision Australia Information Library Service

Vision Australia Information Library Service offers a free national library service for people who are blind, vision impaired or have difficulty reading standard printed material. We work to ensure that through innovation, advocacy and empowerment those with a print disability can enjoy the same access to information and recreational reading as others in the community.

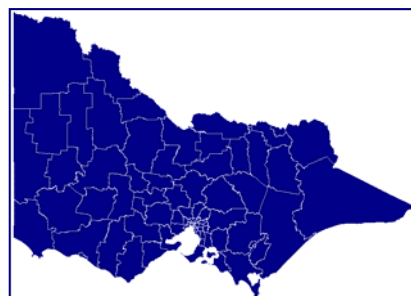

- ◆ The Library offers members a wide range of accessible materials from a variety of sources. Library members are individually assisted via a telephone reference service to access their choice of materials. Materials can be streamed or downloaded from our online catalogue.
- ◆ The Library Service circulates titles in Braille and DAISY audio. DAISY is an audio format that has been developed to build "structure" into a book. This enables readers to navigate to find specific chapters and pages of an electronic book at the press of a button. The Library collection also features audio books in different languages, children's print Braille picture books, and the latest magazines and regional newspapers from our download service. Professional staff assist members using smartphones and tablets to access the library collection.
- ◆ Vision Australia offers advice about making information accessible to individuals, businesses, education providers, government bodies and community organisations.
- ◆ Vision Australia also offer consultancy services on how to make websites accessible and signage and wayfinding for buildings and outdoor environments.

There are 3 core library services:

1. A free public library service, which includes a wide range of print alternative books and magazines available for loan through streaming or download. The Kooyong site has PC's with adaptive technology suitable for people with a print disability.
2. The public library service includes a reference service to assist clients navigate and find information.
3. A Staff Reference Service provides access to the specialized collection of materials relating to Vision Impairment.

Mechanics' Institutes are the fore runners of public libraries and adult education in Australia

The Mechanics' Institute Movement began in 1799 when Dr George Birkbeck conducted a series of free lectures for the workingmen of Glasgow. The term "mechanic" at that time meant artisan or workingman. The movement spread throughout Britain and its colonies including Canada South Africa, India and Australia, as well as the United States of America.

The Movement began in Victoria with the formation of the Melbourne Athenaeum in 1839. The Institutes served as focal points for their communities, offering libraries and reading rooms, opportunities for self-education, and other attractions such as lectures, meeting rooms, museums, concerts, and various games. Institute libraries were regularly patronised up until the 1950's even though conducted on a subscription basis. The book stock varied with the finances of the Institute committee but where towns were serviced by railways, cases of books could be obtained quarterly on loan from the Melbourne Public Library.

Nearly every town in Victoria had a Mechanics' Institute. Today there are over 500 still operating as halls and homes for local organisations. A growing number of these are members of the Mechanics' Institutes of Victoria Inc. (est. 1998). Six Mechanics' Institutes continue to principally offer a lending service and half a dozen have retained a significant proportion of their historical library collections.
