Entered, according to Act of Congress, in the year 1888, by
NATHANIEL S. DEARDON,
In the Clerk's Office of the District Court of the District of Massachusetts.

P R E F A C E .

Encouraged by the success attending the publication of the "American Text-Book for Letters," and after the repeated requests of those in need of such a guide, the publisher has issued the present work, at considerable expense and trouble, trusting the popular verdict may be as favorable towards it as towards its companion.

The models will assist Painters in embellishing Steam and Horse Cars, Coaches, Signs, Panels, &c., and will also aid Carvers, Engravers and Designers. The heraldic figures will be of use to Painters and Artists. The monograms are particularly adapted to the present days of eccentricity of lettering.
