

Godly Republic

A Centrist Blueprint for America's
Faith-Based Future

JOHN J. DIULIO, JR.

*A Former White House Official Explodes
Ten Polarizing Myths about Religion and
Government in America Today*

"Diulio rejects the kind of Evangelical triumphalism that declares America to be a Christian nation, even as he turns from that secularity which leaves no room for religion in the public sector. Writing in a lucid style, he shows how religion and government can maintain a legal relationship that addresses some of the greatest social needs of our time."

American Catholics in the Protestant Imagination

Rethinking the Academic Study of
Religion
Michael P. Carroll

“Carroll’s challenge to the ‘Protestant Degradation Narrative’ is creative, credible, and one that is long overdue.
