Pre-reading questions:

- Where do you like to go for a walk?
- What do you usually see when you take a walk?

Bill was walking
down the jungle road.

He saw

one blue monkey,

two brown leopards,

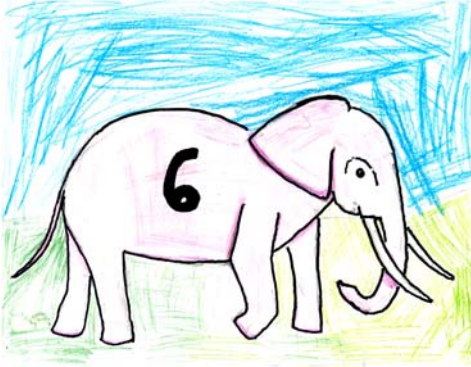

three green goats,

four grey zebras,

five orange hippos,

six pink elephants,

seven purple bees,

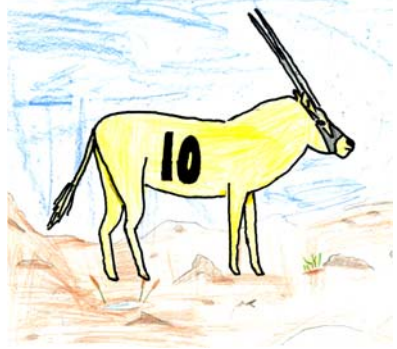

eight rainbow giraffes,

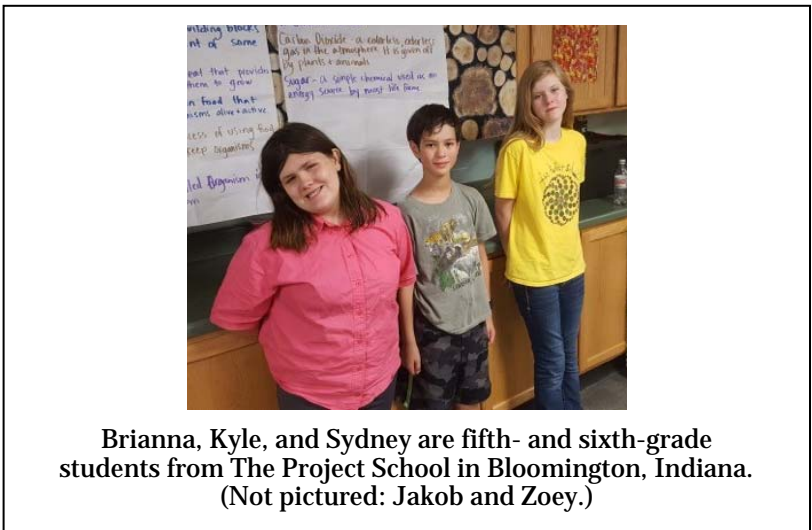

nine red gorillas,

and ten yellow antelopes.

Bill said, “Wow, that was fun!”

Brianna, Kyle, and Sydney are fifth- and sixth-grade students from The Project School in Bloomington, Indiana. (Not pictured: Jakob and Zoey.)
