Contents

- Nonionic Short Fluorocarbon Chain Surfactants for Improving Application Properties of Acrylic Resin in the Retanning of Wet-blue Leather**
by Rong Zhou, Yong Jin, Shuangquan Lai, Liangjie Shi,
Yutang Zhou and Zhangyi Peng 455
- A Bibliometric Study of the Unhairing and Liming of the Leather Tanning Process**
by Josep M. Morera, Esther Bartolí, Patrícia Cebollada and Luisa F. Cabeza .. 465
- A Simple Test to Determine the Propensity of a Fatliquor to Trigger the Formation of Chromium (VI) in Leather**
by Irene Compte, Rosa Cuadros, Francina Izquierdo, Felip Combalia
and Anna Bacardit 480
- Preparation of Polyols and Polyurethane Foams from Olein By-Product of Tanning Industry**
by Manoel Rodrigues da Silva, João Antonio Pessoa da Silva, Cesar Liberato
Petzhold, Nilo Sérgio Medeiros Cardozo and Mariliz Gutterres 489
- Lifelines** 498
- ALCA News**
- Obituary, Jean Tancous 503
- Call for Papers 504

Beamhouse efficiency takes perfect balance.

Making leather on time, on spec and within budget requires a careful balance of chemistry and process. Buckman enables tanneries to master that balance with our comprehensive Beamhouse & Tanyard Systems. They include advanced chemistries that not only protect the hide but also maximize the effectiveness of each process, level out the differences in raw materials and reduce variations in batch processing. The result is cleaner, flatter pelts. More uniform characteristics. And improved area yield.

In addition, we offer unsurpassed expertise and technical support to help solve processing problems and reduce environmental impact with chemistries that penetrate faster, save processing time, improve effluent and enhance safety.

With Buckman Beamhouse & Tanyard Systems, tanneries can get more consistent quality and more consistent savings. Maintain the perfect balance. Connect with a Buckman representative or visit us at Buckman.com.

Stahl's innovations driven by sustainability

With the rise of both electric and self-driving, cars are becoming quieter and anti-squeak and rattle materials are becoming increasingly important. At the same time, improved anti-stain performance is required, because of the current trend for pale-colored car seats. Therefore, we have developed Stay Clean. This low-VOC coating technology protects pale-colored leather and vinyl surfaces against common stains, such as dye from jeans, spilled coffee and dirt. Our solution also makes surfaces low-squeak, which is a great asset as global research has shown that a squeaking car interior is one of the biggest annoyances among car owners. Another trend in car interior is the popularity of matt surfaces. Therefore, we have developed PolyMatte®. This non-squeaking solution provides a luxurious feel to the finished article in combination with flexibility and scratch and abrasion resistance. Our portfolio contains many products, varying from beamhouse products, tanning systems to finishes,

duller concentrates, crosslinkers and thickeners to leveling agents, defoamers, colorants and hand modifiers. Our most sustainable option is Green PolyMatte®, which is based on rapeseed oil (20%) instead of crude oil-derived intermediates. If you would like to know what our Stahl solutions for automotive can do for your business, please visit www.stahl.com or contact us at: alexander.campbell@us.stahl.com.

If it can be imagined, it can be created

**117th ALCA
ANNUAL CONVENTION
June 20-23, 2023
Grand Geneve Resort & Spa
Lake Geneva, Wisconsin**

**Featuring the 62nd John Arthur Wilson Memorial Lecture
Retelling “Viewing Leather Through the Eyes of Science”
A Century On**

***By Mike Redwood, Leather Naturally,
Teacher at University of Bath School of Management,
and Trustee of the U.K. Leather Conservation Centre***

Tentative Schedule

**Tuesday, June 20
*Golf Tournament, Opening Reception and Dinner***

**Wednesday, June 21
*John Arthur Wilson Memorial Lecture
All Day Technical Sessions, Fun Run
Reception and Dinner***

**Thursday, June 22
*All Day Technical Sessions, Annual Business Meeting
Activities Awards Luncheon
Social Hour, Dinner***
