

# Acknowledgements

The [Journal of Technology-Integrated Lessons and Teaching](#) (JTILT) is an online, peer-reviewed, open-access journal published semi-annually by the [University of Wyoming](#) in partnership with the Teacher Education Division of the [Association for Educational Communications and Technology](#) (AECT). The journal publishes original, technology-rich lessons, activities, professional development, and micro-credentials for PK-16+ professionals and their international equivalents.

The views expressed in JTILT are not necessarily those of the publisher or the partnering association.

## FRONT COVER

The front cover is a composite image created from the following images:

[Curve graphic](#) by [geralt](#). [Pixabay License](#). Cropped from the original.  
[Magazines](#) by [kconcha](#). [Pixabay License](#). Cropped from the original.  
[Microphone and Headphones](#) by [Tumisu](#). [Pixabay License](#). Cropped from the original with white space added.  
[Smiling Teen](#) by [Greyerbaby](#). [Pixabay License](#). Cropped from the original  
[Hummingbird](#) by [Veronika\\_Andrews](#). [Pixabay License](#). Cropped from the original.  
[Bearded Emoji](#) by [Mohamed\\_hassan](#). [Pixabay License](#). Cropped from the original with words and white background added.

## USAGE RIGHTS AND PERMISSIONS

Unless otherwise noted, JTILT resources are published under a [Creative Commons Attribution-NonCommercial-ShareAlike 4.0 International license](#) (abbreviated to CC BY-NC-SA; see image).

This license allows users to share, distribute, mix, modify, and transform included resources when they provide appropriate credit to the original creators, do not use the resources or modifications for commercial purposes, and distribute the resources under the same license as the original.

## APPROPRIATE CREDIT WITHOUT MODIFICATION

JTILT formatting strives to provide appropriate credit and Creative Commons licensing information for included resources. Unless otherwise noted, users may share and distribute these resources without additional information.

## APPROPRIATE CREDIT WITH MODIFICATION

If users make modifications, additions, or transformations to provided resources, they must:

- Identify the original authors of the resources.
- License their derivative work under a CC BY-NC-SA 4.0 license and include a link to the license.
- Indicate what modifications were made.
- Refrain from suggesting that the original licensor endorsed their modifications or use.

Additional information about providing appropriate credit is located at [CC Wiki's Best Practices for Attribution](#).

## JOURNAL EDITORS

Editor-in-Chief: Craig E. Shepherd, University of Memphis

Associate Editor: Frances Alvarado Albertorio, Oklahoma State University

Copy/Layout Editor: Irene Bal, Discovery Elementary, Arlington Public Schools

Copy/Layout Editor: Cecil R. Short, Emporia State University

Copyright and Permissions Editor: Danielle Fernandez, University of Georgia

## EDITORIAL BOARD

Lei Wang, Auburn University at Montgomery

Cassandra Kvenild, University of Wyoming

David Mulder, Dordt University

Jacob Hall, State University of New York at Cortland

Atikah Shemshack, North Texas University/Legacy Traditional Schools

Lili Zhang, Sichuan Normal University

Kalianne Neumann, Ware2Go, Atlanta Georgia

Jiaming Cheng, Liaoning Normal University

Tracy Russo, Baker University

Shannon Smith, University of Wyoming

Ya-Huei Lu, Carroll University

Steven Bradbury, Charm City Virtual, Baltimore City Public Schools

Whitney Plunkett, Howard County Public Schools

Joanna Edwards, Elizabeth Seton High School

Alan Buss, University of Wyoming

Ashley Shifflett, Prince George's County School District

Paula Marcelle, Indiana University

Mohammad Shams Ud Duha, Purdue University

Madison Nittinger, Waverley Elementary School

# Journal of Technology-Integrated Lessons and Teaching Contents

Volume 4 Issue 2 December 2025

## FRONT MATTER

- i Acknowledgements
- iii Table of Contents
- v Special Issue Call: Artificial Intelligence in Education
- vi Introduction  
Craig Shepherd

## LEARNING REPRESENTATIONS

- 1 **Creating and Sharing Zines with Video Tools for Online Humanization**  
Alexandra J. Reyes and Lucas John Jensen
- 10 **Emojis: Developing Enthusiasm in Writing**  
Laurie MacGillivray and Jasmine Worthen
- 17 **Podcasts and Practice: An Approach for Teaching Vocabulary**  
David J. Mulder
- 24 **Thematic Analysis Using Accountability Partners and Collaborative Writing**  
Ali Krzyzaniak
- 32 **Differentiating Instruction with AI Tools**  
Tonia Bauer
- 39 **Biomimicry and Human Design: Observing Bird Structures and Functions to Create Flying Machines with Artificial Intelligence**  
Heejung An, Triada Samaras, and Woonhee Sung
- 51 **Robot Sharks: An AI STEM Adventure for 5th Grade Students**  
Meize Guo, Kristen Apraiz, Yongju Jeon, Michael J. Johnson, Gayle Evans, and Maya Israel
- 63 **Youth-Led Experiential Research by First-Year Undergraduates: Investigations into Youth, Technology, and Society**  
Joan E. Hughes, Anna R. Oliveri, and Michelle Read

- 81 Modeling Sampling Distributions in an Advanced Placement Statistics Lesson**  
Colin Ferreira

## COMPETITION AWARD WINNERS

- 91 Building Vocabulary with Canva: Digital Storytelling for 3rd and 4th Grade English Language Learners**  
Claire Sanderlin
- 96 Digital Fingerprints: A Technology-Enhanced Forensic Investigation**  
Rocky Elmore
- 102 TechQuest Classroom**  
Crisianee Berry
