OBITUARY

JEAN GORDON

It is with much regret that we announce the death of Jean Gordon on Monday, 8 October 1984. She had been ill for many years and died peacefully in her sleep.

Jean was born in China and did her physiotherapy training at St. Thomas's Hospital, London. Following her training she worked for 26 years in the U.S.A. and Canada, during which time she returned to St. Thomas's to take the teacher's course. Whilst at Mohawk College, Ontario, Jean gained a Masters degree for her research on the effects of ultrasound on the elasticity of arteries. While she was teaching in Canada, Jean was commissioned to direct a special course in physiotherapy for Vietnamese students.

In 1978 Jean came to South Africa and was appointed as a lecturer at the Physiotherapy School, U.C.T. Her particular interests were the upgrading of 4th year student projects and the introduction of research methodology into the physiotherapy course.

Jean was a very good and caring teacher and clinical supervisor. She was highly respected by students and qualified staff alike. We will miss her greatly.

MEV. J. F. VOSLOO

Dis met mooi herinnering dat ons will hulde bring aan Hanti Vosloo wat op tragiese wyse op 19/11/84 oorlede is. Ons sal haar onthou as 'n dinamiese, uiters bekwame fisioterapeut wat altyd toegewyd en met entoesiasme gewerk het. Hanti het B.Sc. Fisioterapie aan Universiteit Stellenbosch behaal waarna sy by Hope Skool begin werk het. Sy het 'n groot bydrae gelewer op alle terreine en het haar veral beywer vir die bevordering van sport vir liggaamlik gestremdes.

Hope Skool sal haar nooit vergeet nie.

Ons innige simpatie aan haar eggenoot en familie word hiermee betuig.
