## IN MEMORIAM

The RALPH T. ESTERQUEST Memorial Fund has been established in the County library of medicine. Contributions are being received by the Countyway library, 10 Shattuck Street, Boston, Massachusetts 02115.

## For new convenience in using CHOICE . . .

With the first issue of Volume 5, March 1968, CHOICE began an additional service long requested by subscribers — CHOICE Reviews-on-Cards. If you were not among the service's charter subscribers, you may want to consider it now.

CHOICE Reviews-on-Cards can bring to your acquisitions system a new convenience as versatile as you want to make it. Cards make it easy to separate and distribute reviews simultaneously to other librarians and faculty — no more tearing up copies or waiting forever for circulating copies to return. Cards can save clerical steps in ordering and checking holdings (ample space for notations on both front and back of each card). They are a cataloging aid, and they are easy to locate in your desiderata file. You can probably think of dozens of other uses in your own system.

### DESCRIPTION OF CARD REVIEWS

As each regular issue of CHOICE goes to press, all reviews in the issue are reprinted separately on 3 x 5 cards. Each is identified by subject heading and issue date. Collated in the order followed in the magazine, they are boxed and mailed to you via Fourth Class mail, Special Handling.

### DELIVERY OF CARDS

Fourth Class, Special Handling means your box of cards is carried from our post office to yours with regular First Class mail, but delivered according to your local Parcel Post delivery schedule. You should receive cards at about the same time as your regular issue by Second Class mail.

### SUBSCRIPTION TO REVIEWS-ON-CARDS

Cards are available by yearly subscription at a cost of \$80. With current publication of more than 5,500 reviews per year, the cost of the card service is less than 1 1/2 cents per review. Cards are available only to regular CHOICE subscribers.

### HOW TO ORDER

Subscriptions to Reviews-on-Cards should be ordered from Subscription Department, American Library Association, 50 E. Huron Street, Chicago, Illinois 60611. They are not available through agencies. An order form is provided below for your convenience. New subscriptions are started with the next available issue following receipt of orders.

*For additional information regarding Reviews-on-Cards, please write CHOICE Editorial Offices, 100 Riverview Center, Middletown, Conn. 06457.*

**TO: Subscription Department  
American Library Association  
50 E. Huron St., Chicago, Ill. 60611**

Please consider this my order for a 1-year subscription to CHOICE Reviews-on-Cards at \$80 per year to begin with the next available issue.

# There are two ways to keep abreast of the 20,000 new English Language books that come out each year.

The old way: Read tens of thousands of listings and ads.

The new way: Use the unique Books-Coming-Into-Print Service from Bro-Dart's Stacey's Division.

Books-Coming-Into-Print is a computer-operated advance notification and acquisition program which allows your library to profile its needs in specific disciplines. It gives you notification, continuations, and automatic shipment of books on approval.

This is much more than an approval program.

Our Stacey's Division, the nation's leading academic bookseller, will classify and organize over 20,000 titles a year of interest to your library.

Then there's the matter of our computer and the Thesaurus we provide you with. By using our Thesaurus and your specifications you pin point the exact type of books you'll be interested in, regardless of how broad or narrow your areas of special interest or the academic level desired. By carefully profiling your needs, you'll be receiving books or information about only those publications that would be of special interest to your library. That's the advantage of dealing with a computer.

The Books-Coming-Into-Print Program will provide you with an advance notice card prior to publication for each title which fits your profile. If you, for any reason, don't want the book, all you have to do is return the computerized card. And we won't

send you the book. If, on publication, the book is not appropriate to your profile, you will receive a rejection notice with explanation. Of course, all shipments are "on approval."

Remember, you'll be dealing with one source for books from all publishers. The Books-Coming-Into-Print Program applies to all English language books, continuations, and monographs by commercial and non-commercial publishers. In the humanities. Or the sciences.

Then, since you'll be dealing with Bro-Dart, you'll have the option of getting your books with a full variety of supplemental cataloging and processing services.

Since you'll be given advance notice about each new book, the system is compatible with your present way of ordering monographs and continuations.

And what you'll have is an "on order" file which your library can use for ordering, reference, or cancellations.

Naturally, your library will receive competitive discounts. Rapid Service. And accurate selections.

Much easier than reading all those ads and listings.

For additional information on this exciting new service, write: Dept. CRL-11
