

ACRL Officers for 1983-84

JOYCE BALL, university librarian at California State University (Sacramento, CA 95819), is the forty-sixth president of the Association of College and Research Libraries.

During her one-year term of office, she will preside over the ACRL Board of Directors and the ACRL Executive Committee. She will chair the ACRL Conference Program Planning Committee for the 1984 ALA Annual Conference in Dallas and will plan ACRL's major program at the conference.

As president of the division, Ball will represent ACRL on the ALA Dallas Conference Program Committee. She will also represent ACRL and ALA in their relations with other organizations. Ball has been an active member of ACRL, serving as a director-at-large on the ACRL Board of Directors, a member of the *College and Research Libraries* Editorial Board, and a member of the Review Panel for the 1978 and 1981 ACRL National Conferences. She also served as president of the Nevada Library Association in 1978 and received a special citation from that association in 1980.

Joyce Ball

SHARON J. ROGERS, associate dean of the Bowling Green State University Libraries (Bowling Green, OH 43403), has been elected vice-president/president-elect of the Association of College and Research Libraries. The 1983 election results showed 1,333 votes for Rogers and 893 for Keith M. Cottam, director of the University of Wyoming Libraries, Laramie.

As vice-president/president-elect of ACRL, Rogers will serve on the ACRL Board of Directors and the ACRL Executive Committee. She will chair the ACRL Conference Program Planning Committee for the 1985 Annual Conference in Chicago. She will represent ACRL on the ALA Appointments Committee, the ALA Planning and Budget Assembly, and the ALA Conference Program Planning Committee for the 1985 conference. At the end of the 1984 Annual Conference, she will become ACRL's forty-seventh president.

Sharon J. Rogers

Rogers has contributed to ACRL as a member of the ACRL Board of Directors, as chair of the Task Force on Academic Libraries and Higher Education, as chair of the Advisory Committee for the Bibliographic Instruction Liaison Project, and as chair of the Bibliographic Instruction Section (1980-1981). She currently serves as chair of the Legislation Subcommittee of the ALA Status of Women in Librarianship Committee, and as a member of the OHIONET On-Line Reference Council.

The results of the ACRL elections follow. For each position, the elected candidate is listed first. The number of votes earned by each candidate is listed in parentheses.

Procedures for Reviewing and Approving ACRL Standards and Guidelines

Editor's Note: These procedures, prepared by the ACRL Standards and Accreditation Committee, were approved by the ACRL Board of Directors at ALA Annual Conference in Los Angeles.

To enable the Standards and Accreditation Committee to fulfill its charge, ACRL committees and sections that are developing or revising standards or guidelines should follow these procedures.

a) A decision by any ACRL Section or the Board to establish or charge a committee to develop or to revise standards or guidelines should be forwarded to the ACRL Standards and Accreditation Committee in writing, for information.

b) The committee should request that a member of the Standards and Accreditation Committee be available to assist as necessary on matters of procedure and format.

c) The committee should send copies of its minutes or progress reports to the Standards and Accreditation Committee.

d) The committee should provide the Standards and Accreditation Committee successive drafts of standards or guidelines as they become available. The Standards and Accreditation Committee will study the draft standard or guideline to determine if it is consistent with other ACRL standards and in

compliance with the *ALA Standards Manual*. If the Standards and Accreditation Committee has any concerns, they will respond to the section or committee with specific comments or suggestions by the next conference.

e) Upon receipt of the final draft of a standard or guideline and after a final review in relation to current ACRL standards and the *ALA Standards Manual*, the Standards and Accreditation Committee will recommend acceptance or non-acceptance of the standard or guideline to the ACRL Board and, at the same time, notify the section or committee who initiated the standard or guideline of its action.

f) If the ACRL Board approves the standard or guideline, it will be forwarded to the ALA Standards Committee for its review and approval.

g) If an ACRL section or committee develops a standard with another organization, it may be necessary to adjust the timetable for review.

The Standards and Accreditation Committee will review approved ACRL standards and guidelines periodically for continued relevance or suggest new ideas for which standards or guidelines should be developed and recommend action as necessary to the appropriate ACRL unit. ■■

Policy Statement on Publication of Conference Papers of ACRL Sections

Editor's Note: This statement, developed by the ACRL Publications Committee, was approved by the ACRL Board of Directors at ALA Annual Conference in Los Angeles.

One of the purposes of ACRL is to promote and disseminate its members' and sections' work in the fields of their expertise. Its publication program is one major means of engaging in this promotion and dissemination. This Policy Statement sets forth a procedure by which its sections and ACRL approach the publication process.

A section which wishes to publish its conference proceedings or papers will submit its manuscript to ACRL. In order that ACRL have a reasonable time to decide whether to publish the manuscript, it shall have four months after its receipt to report a decision; otherwise, the section shall be free to have its manuscript published elsewhere.

Points of discussion between the section and the prospective publisher may include:

1. Proposed publication date.
2. Format, including any particular needs regarding illustrations or typography.
3. Arrangement of bibliographical references, i.e., footnotes or endnotes.
4. Paper stock.
5. Binding.
6. Maximum sale price.
7. Minimum period during which the volume will remain in print.
8. Advertising (number of ads which will coincide with the date of publication).
9. Number of review copies to be provided by the publisher.
10. Date by which the section will deliver the final manuscript to the publisher.
11. Size of print run.
12. Number of offprints for authors and a copy of the book for the editor.

The copyright will be retained by ALA, with each author retaining the right to subsequent use of

the author's work in any publication under his or her authorship or editorship.

Any volume issued by a commercial publisher must clearly state on the title page and in the preface or introduction that the conference papers being published were presented at a meeting of an ACRL section.

If ACRL decides to publish the volume, then a 7% royalty shall be divided among the responsible authors and editors. If ACRL does not publish the volume, of the royalties, 60% shall be divided among the responsible authors and editors and 40% shall be realized by ACRL.

In cases where the publisher is not ACRL, the Executive Director of ACRL must have the opportunity to review any contracts between an ACRL section and a publisher to ensure that all provisions of this Policy Statement have been met. ■■

Manuscripts and Projects Wanted

Do you have some research that deserves to be published? *College & Research Libraries* would like to consider your manuscript. ACRL's refereed journal includes articles in all fields of interest and concern to academic and research librarians—for example, library collections, their acquisition and organization; services to readers and bibliographic instruction; library organization and management; special collections; library history. Case studies, narratives, informed editorial opinions, and reports on controlled research projects are all welcome. Shorter manuscripts will be considered for *C&RL's* Research Notes section.

Submit all materials to the editor, C. James Schmidt, c/o Research Libraries Group, Jordan Quadrangle, Stanford, CA 94305.

If your research is comprehensive enough for a book, you may submit query letters or manuscripts to the editor of ACRL's *Publications in Librarianship* series, Arthur P. Young, Dean of Libraries, University of Rhode Island, Kingston, RI 02881.

Films, videotapes, slide-tape productions, audiocassettes, and other nonprint media are welcomed for consideration by the ACRL *Nonprint Publications* series. Submit your scripts, samples, or other materials to the editor, Jean W. Farrington, Assistant Circulation Librarian, Van Pelt Library, University of Pennsylvania, Philadelphia, PA 19104.

And don't forget that *College & Research Libraries News* would like to hear of any research in progress, grants for research, or news in general about you and your library. Write or call the editor, George M. Eberhart, *C&RL News*, ACRL/ALA, 50 East Huron St., Chicago, IL 60611; (312) 944-6780, ext. 288.

STATUS STATEMENTS

The ACRL Academic Status Committee, in response to a request from the ACRL Standards and Accreditation Committee, is in the process of reviewing the six standards and guidelines that have been developed previously by the committee. The statements to be reviewed are: Guidelines and Procedures for the Screening and Appointment of Academic Librarians (*C&RL News*, September 1977); Joint Statement on Faculty Status of College and University Librarians (*C&RL News*, February 1974); Model Statement of Criteria and Procedures for Appointment, Promotion in Academic Rank, and Tenure for College and University Librarians (*C&RL News*, September and October 1973); Standards for Faculty Status for College and University Librarians (*C&RL News*, May 1974); Statement on Collective Bargaining (1975, available from ACRL); and Statement on the Terminal Professional Degree for Academic Librarians (1975, available from ACRL). Your comments on these standards and guidelines are welcome.

The ACRL Academic Status Committee is also beginning to draft policy statements on several additional topics:

- 1) continuing appointments for librarians;
- 2) support for research by librarians;
- 3) affirmative action and equal opportunity;
- 4) governance; and
- 5) the ALA-accredited master's degree as an appropriate degree for the director of an academic library.

Anyone who has comments, suggestions, or policy statements that might be of assistance in drafting these statements is invited to forward them to the Committee. Suggestions of other topics for statements that might be developed would also be of interest. Send your suggestions to: Barbara J. Ford, Chair, ACRL Academic Status Committee, Library, Box 8198, University of Illinois at Chicago, Chicago, IL 60680; (312) 996-2738. ■■

Tips Needed

The ACRL Education and Behavioral Sciences Section's Bibliographic Instruction for Educators Committee is drafting a "BI Tip Sheet for Academic Administrators and Support Staff." The document is intended for librarians and will provide suggestions on publicizing, presenting, and evaluating library workshops for secretaries, administrators, counselors, and other non-faculty personnel.

The Committee would like to hear of your experiences. Write to: Charles Thurston, Chair, ACRL/EBSS/BIE Committee, University of Texas at San Antonio Library, San Antonio, TX 78285.

**“Finally,
a real science index
for science majors!”**

Science students and faculty need a high-caliber, professional quality science index to keep them up-to-date on scientific advances. General indexes to scientific subjects just do not have the coverage or precision of access which is so important for accurate, thorough research.

Before now, superior science reference meant one thing — the *Science Citation Index*[®]. But now this same quality is available to you in the new *Science Citation Index, Abridged Edition*.

Author, title word, and citation indexes make the *Science Citation Index, Abridged Edition* sophisticated enough for science majors, yet easy enough to use for all of your general science reference needs.

What's more, its coverage—500 journals in the whole range of scientific disciplines—is ideal for the research needs of students and faculty at undergraduate institutions. And, since timeliness is a must in fast-paced scientific fields, the *Abridged Edition* is issued monthly. Semiannuals make retrospective searching fast and easy.

All this at a cost so low it won't take away from your other subject reference needs. Remember, superior indexes make superior students!

Name an Association

At the ALA Annual Conference in Los Angeles, Sandra K. Paul, chairperson-elect of the American National Standards Committee Z39, announced the details of a nationwide contest to solicit suggestions for a new name for the Z39 standards organization.

Until this year Z39 existed as an activity of the Council of National Library and Information Associations (CNLIA) and reported on standards matters through CNLIA to the American National Standards Institute. As a result of joint planning between CNLIA and Z39, Z39 now has achieved independent status as an educational association incorporated in the District of Columbia. In this capacity Z39 will seek a direct relationship to ANSI as an accredited standards organization.

Z39, as always, seeks to utilize the skills of professionals from the library, information services, and publishing fields in carrying out its work. Interested individuals and organizations are invited to submit one or more suggested names. All entries must be postmarked no later than October 15, 1983. Entries should be sent to: ANSC Z39 Name Contest, NBS, Library E-106, Washington, DC 20234. The entries will be judged by the Executive Council of Z39.

The submitter of the winning entry will be awarded a complete set of Z39's published standards and a Z39 Standards "Bear-er".

American National Standards Committee Z39 was formed in 1938 by the American Library Association, American Association of Law Libraries, Medical Library Association, and Special Libraries Association. Z39's mission is to develop voluntary technical standards for libraries, publishers, indexing and abstracting services, and other information providers. For further information on Z39's history, current activities, and published standards, contact the Z39 offices: ANSC Z39, National Bureau of Standards, Library E-106, Washington, DC 20234; (301) 921-3241.
