

## Note of the Editor-in-Chief

Peer Journal Economic Analysis (EA) belongs to that rare group of scientific journals, which encourage multidisciplinary approach on various research topics on economics. That makes this scientific Journal interesting and useful reading material for scientists, experts and other readers, which are interested in different disciplines of economics.

The Journal EA is published twice a year as a double issue in English language by the Institute of Economic Sciences from Belgrade, Serbia.

We welcome manuscripts from academics, independent scholars, practitioners and students.

Feel free to reach out directly with comments and proposals. Send your papers and proposals to EA address: [eaoffice@ien.bg.ac.rs](mailto:eaoffice@ien.bg.ac.rs)

With warmest regards,
