The organizers of the **XIV European Conference on Developmental Psychology** have a great honour and pleasure of inviting you to take part in this conference to be held in Vilnius, Lithuania, August 18-22, 2009.

The conference will focus on the most relevant topics and issues within recent theoretical and methodological advances of developmental psychology, basic research and applied areas and will provide a forum for presentation of a wide range of papers in all aspects of human development in European contexts. Over and beyond basic research, we will put emphasis on the transfer of psychological insights to social policies and programme development. Pre-conference workshops will be held on August 17 - 18, 2009.
