HOW TO USE THIS INDEX

1. In the alphabetical list of subjects beginning on page 4 you will notice three columns:
 - A. Column one lists the subjects.
 - B. Column two lists the name of the book abbreviated. Key to abbreviations will be found at the bottom of each page.
 - C. Column three gives the number of the page in the particular book where that subject will be found.
2. Subjects on which there is a complete sermon will have written behind them (sermon).
3. Subjects or personages who figure in a story will have written the word "story", and then the topic connected with that story.
4. Proper names will be indexed under the surname as much as possible. For example: Lincoln, Abraham.
5. Priests are listed under their surname, with the title "Father" added. For example: Damien, Father.
6. The cross-index is valuable. If you want something on Courage, you will be referred to Fortitude.

Part 3 is valuable in this way. Suppose you want a sermon for the 22nd Sunday after Pentecost. Under that Sunday you will find six sermons in as many books. Each sermon will refer in some way to the Sunday Gospel.

THE SAINTS AND THE SUNDAY GOSPELS should be out in October of 1951.

We welcome suggestions regarding our index and any of our publications, past and future.
